Inside, the main floor features a spacious living room (nearly 20 ft long), a bright dining area, and a functional kitchen with all new windows installed in 2020, flooding the home with natural light. Three comfortable bedrooms and a full 4-piece bathroom complete the upper level.

The fully finished basement, accessible through a separate rear entrance, is currently used as an in-law suite and includes two more bedrooms, another full bathroom, a large rec room, full laundry, a server-style kitchenette, and its own dining/lounge space. This setup provides great future suite potential (subject to city approval).

The backyard feels like your own private playgroundâ€”perfectly set up for entertaining, relaxing, or letting kids and pets play. The solid wood fence with gate access from the front driveway was installed in 2020 and offers both security and convenience. RV parking and alley access add even more value.
