Welcome to the perfect family home or turnkey investment property! This well-maintained detached house sits on a spacious oversized lot with 60 feet of frontage. Located on a desirable street with many front-drive garage homes, it offers over 2,200 sq. ft. of fully finished living space. The timeless design includes three bedrooms upstairs and two and a half baths, including a convenient two-piece master en-suite. The long-paved driveway accommodates up to six cars or even a trailer. Inside, you'll find a welcoming front entry leading to an open-concept living/dining room and a roomy eat-in kitchen, with space for a kitchen island. The lower level features a cozy family room with a wood-burning fireplace, a second full bath with laundry, and a hot tub room that can be transformed into an office, gym, or extra bedroom for larger families or guests. The basement boasts plenty of room for a rec area and a workshop. Updates include laminate flooring on the main level, fresh paint throughout, central vacuum, an updated electrical panel, a newer furnace motor and coupler, and a roof less than 10 years old. Outside, enjoy the west-facing deck, a huge yard, and your very own apple tree.
